TRUNK SHOW

Branching Out Trunk Show (1 hour)

Throughout her quilt designing career, Susan has gathered a large collection of quilts, wall hangings, table runners, table toppers and other items that highlight her love for fabric and design. While showing lots of quilts, she will share some designing experiences and quilting tips to inspire quilters of all skill level. This trunk show can be personalized for your specific interest.

WORKSHOPS

With hands-on workshops, quilters learn everything necessary to complete the project with confidence. All workshops are taught to ensure the success of each participant. Each step is demonstrated and explained so that you will have complete understanding. One student even praised Susan as “probably the best beginning quilt teacher ever.”

Specific classes are described below, arranged by length. **Each participant is required to have her own, purchased copy of the pattern or book.**

Mexican Tiles (4 hours)

6 Placemats 12” x 16” from the book *Six Halves Make a Whole*. This is one of the most popular pattern in the first book using the Six Halves concept. You will need 6 half-yard cuts of fabric; 3 lights and 3 darks are suggested. No additional fabric is needed to complete this project as the backing is included in the 6 half-yards. Susan will give you tips on making up a fabric-coded “cheat sheet,” and you will be on your way to completing the project in one day.

Choose 3 fabrics each from 2 coordinating color families to make delightful 14" x 18" placemats from the *Six Halves Make a Whole* series. You will learn to cut accurate trapezoids using the House Ruler (required) by Creative Grids. With 6 half-yard cuts you get 6 complete coordinated placemats (fronts and backs included). You can make some for every season.
